

Rwandan Brethren Churches Closed

The Rwandan government has closed an estimated 10,000 churches across the country due to building standard concerns and church leaders lacking evidence of formal training. Of the 168 [Inkuru Nziza](#) (Christian Brethren) churches, only 12 remain open.

Actions are being taken to address the building standard requirements, and AMT intends to support these projects when a plan is in place.

But, we can help immediately in the training of church leaders. Each local church needs at least one of their designated leaders to have a certificate or diploma from a Bible College. [ACCS](#) offers this accredited training through the [International Training Project](#), in partnership with AMT and other mission organisations.

Please consider sponsoring a student from \$250 per subject or \$750 per year.

Donations made via **AMT** will be **matched dollar-for-dollar** from the bequest of the late Lilian Thelma Dutton, doubling the impact of your contribution.

Donate via AMT

Alternatively, donations made via **ACCS** qualify for **Tax Deductible Gift Receipts**. To donate, please use the following details:

Name: ACCS Foundation
BSB: 200510
A/C: 440985

Contact ACCS for DGR

Please include "ITP Rwanda" in your donation reference for correct allocation.
